The Bracondale Residents' Association exists to preserve the special character of the neighbourhood and to foster communication between its residents. It promotes research into the Local History and Natural History of the area and liaises on behalf of its members with the local councils etc on proposed changes and local issues.

The City Walls group carries out regular monthly litter pick and gardening events to maintain and improve the paths around the City Walls in the vicinity of Carrow Hill and the steps down to King Street.

'Another group works to tidy and maintain woodland on the County

hall site and other members of the group help to maintain gardens near the Ber Street Gate, and planters near the junction with King Street whilst others carry out litter picking along Bracondale and on paths leading to County Hall. If you would like to help please contact

*' Since we began regularly litter picking we have seen a real change : there is not been nearly so much litter dropped!'*
