Please contact us to join our mailing list and find out about our activities.

The **James Stuart Garden** is on Recorder Road/St Faith's Lane, NR1, and is valued as a tranquil green spot between the busy Prince of Wales Road and Norwich Cathedral.

The aim of the 'Friends' Group, which was formalised in mid-2021 with support from Norwich City Council, is to protect and enhance the environment of this Garden for the enjoyment of local residents, groups in the vicinity and passers-by.

Our Group continues to work on improving biodiversity and maintenance of the flower beds, respecting the original layout.

We marked and celebrated the Garden's milestone centenary in September 2022 with a Civic reception.

Above is a photo of the en plein air artwork of our Celebration by Eloise O'Hare, a well-known and talented local artist.

We meet regularly in the Garden on the 1st Saturday, and 3rd Tuesday of each month for gardening and between 10:30 and 11:30.

Join us to garden or just have a chat.
